

Stithians Lake Catch Report week ending 21st October 2018

Hi everyone,

Hope you have had a good week in the sunshine. Stithians has fished well, with a rod average of a fish per angler, and a lovely 2lb blue trout caught by Bill Thomas (see pic)! Both dry and wet flies seem to be doing well. There still doesn't seem to be much sign of the water level rising – it is now on 37%, but hopefully we will get some rain over the next few weeks!

At the bottom of the catch report I have attached some information from Ben about the end of the season. Fishing will stay open at Stithians until 30th November, and all season tickets will be valid until then. There is also an offer on our website for 20% off day tickets bought online using the promotional code 20RAINNOV18, so spread the word!

Hope to see some of you up at the lake over the week,

Have a good week,
Beth
