### Tactics and information:

The fishing at Fernworthy was great last week, this is your last chance to get up there before the season closes this Friday 12<sup>th</sup> October.

Rod average of 3.3 last week which is really good and half of the anglers catching a full bag of 4 fish or more.

Mr Beney from Wincanton had 8 fish using a Pheasant Tail Nymph, Kate McLaren and Bibo from the North Bank. This included his best ever brace from fernworthy at 1.5lbs each.

Well done to Mr Hindley from Ogwell who had 5 fish on a mix of flies Shipmans buzzer, dry sedge and bibio and commented that he lost many more.

Paul Ackland from Plymouth had 7 browns and very unusually one rainbow! Not sure how that one got in there! All Paul's fish were on dry sedge, cracking sport!

David Gervers and Kevin Primmer had 4 fish apiece. There were plenty of fish rising all over the lake and the weather is set fair for the last few days of the season so make sure you go to fernworthy.
