

Stithians Lake catch report, week ending 1st September 2019

Hi all,

Hope you have had a good week.

It has been quite hard fishing again this week up at Stithians, but more trout caught than the previous week, with Mike Freeman doing especially well catching three browns over two sessions!

Hopefully we will have some cooler weather in the coming weeks which will help to pick things up a bit.

This coming Thursday is the last really busy day for watersports this season, so going forwards the Pub Bay area especially will be a lot quieter during the day and worth taking advantage of.

As always please get in touch if you have any questions or comments,

Have a great week,

Thanks
Beth

CATCH REPORT
