

Fernworthy weekly fishing report **Week ending 1st September 2019**

Tactics and information:

The fishing was tough again last week but lots more fish seen rising which is encouraging.

Well done to Mr Jones from South Brent who had three fish up to 1lb on a black spider. We anticipate the fishing will pick up now as the season draws towards a close. Colliford and Roadford have produced some nice sized fish over the last few weeks.

As was mentioned last week - Don't forget to take advantage of our £10 evening ticket available on all of our Brown trout waters. The best times of day are early mornings or evenings when it is cooler.

Permits can be bought on site in the permit room or from our online website
www.swlakesfishing.co.uk

Ben Smeeth – Head of Angling

Here is our angling map for Fernworthy to help you correspond the locations on the below catch report to the lake itself:
