

## Stithians catch report week ending 22nd March 2020

Hello all,

This is my first catch report as Beth's maternity cover and it's under strange circumstances as all our sites are closed for now!

This report covers everything the last week and up to our closure earlier this week.

We had our second stocking from Milemead last week with over 300 fish put in at the boat park. The scheduled stocking for the 26<sup>th</sup> at Mossops has been put on hold for now.

We had 26 returns and 24 fish caught, giving a rod average of 0.9. Orange lures were definitely the most popular and effective flies over the weeks and fish were caught in the Pub Bay, goonlaze point and watersports areas.

I look forward to meeting you all welcoming you back to the lakes when we reopen.

Jeremy

As always please get in touch if you have any questions or comments,

Have a great week,

Thanks

Jeremy
