

ROADFORD WEEKLY FISHING REPORT
WEEK ENDING 22nd MARCH

Unfortunately the fishery is closed until further notice – please stay safe and keep an eye on our website for further details of when we can re-open.

Roadford was pretty quiet again last week.

The good news is, the lake is full to the brim and the vegetation around the margins and lining the banks will bring the fish close in early season. we just need the weather to improve a little bit and the fishing will be productive either by bank or by boat fishing towards the banks!

We have stocked just under 2000 browns ranging from 7inch to just over 2lbs courtesy of Torre trout Farms. They were in superb condition.

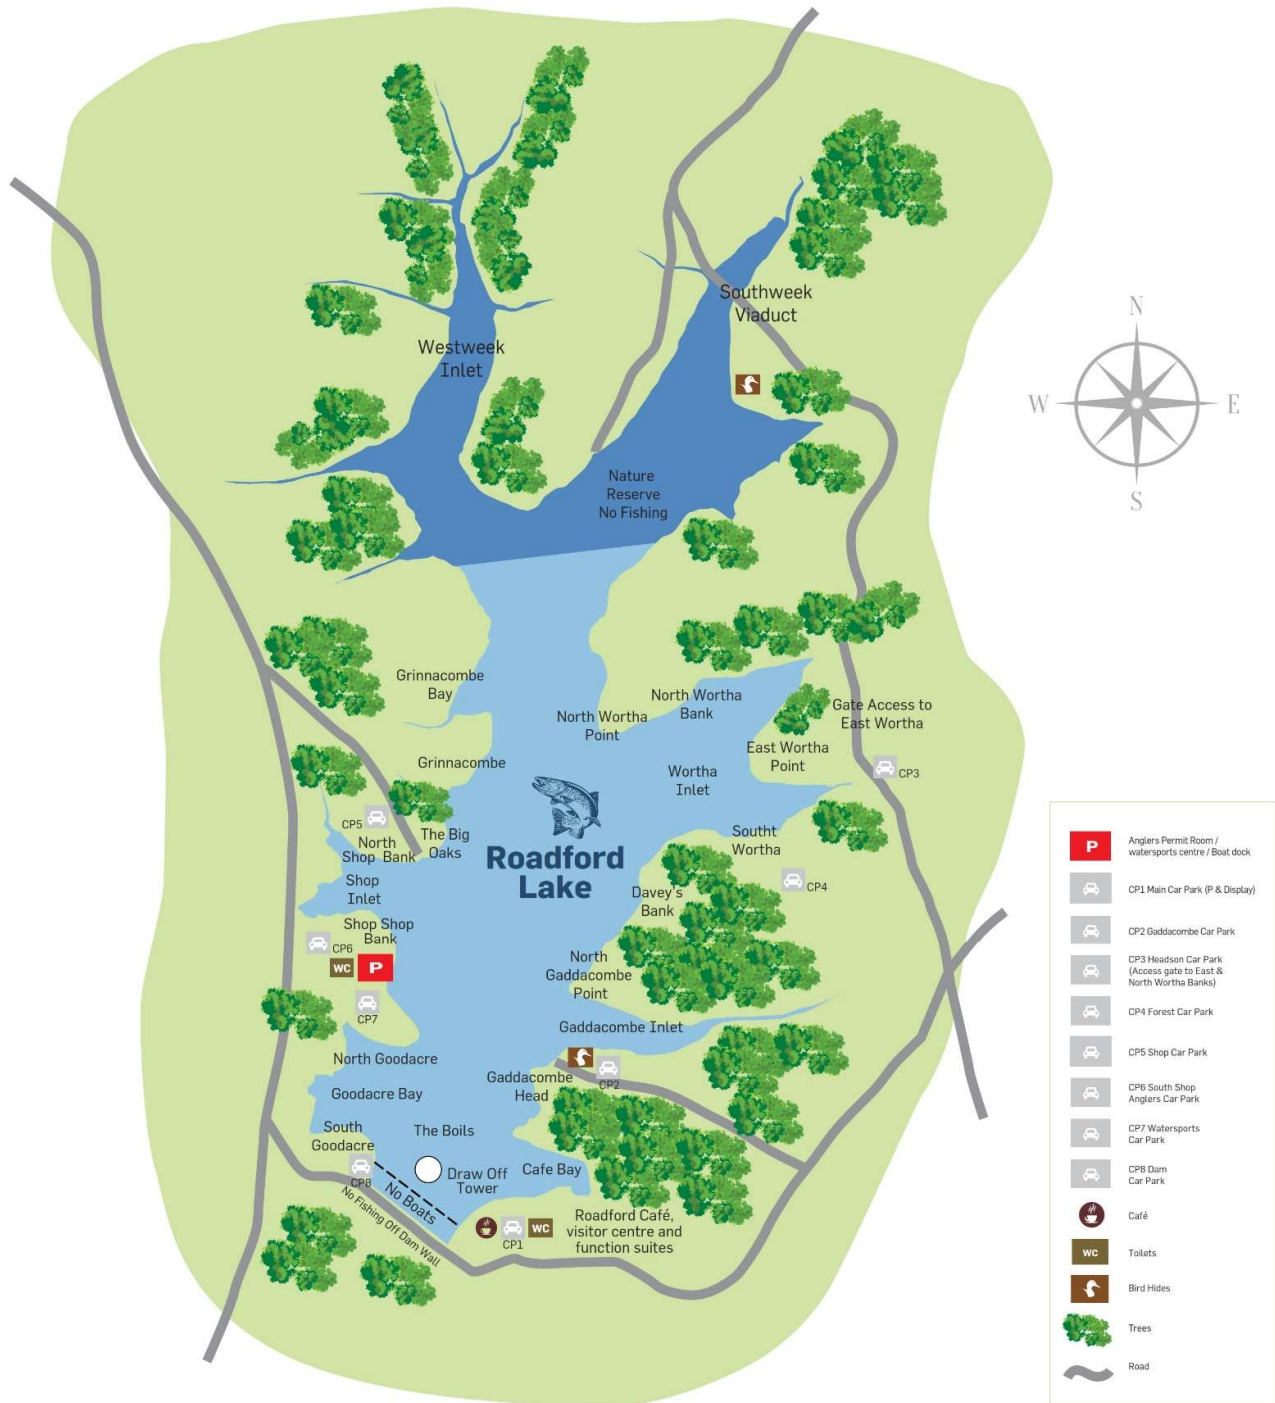

Here is a link to our guide to fishing at Roadford and also the new fishing map below! I hope you like it – this will help when anglers are catching fish and you can see which locations to make your trip more fruitful!
