

SIBLYBACK FISHING REPORT

15th March 2020

Not the best weather for fishing, but still a great weeks fishing, with some really nice looking and size fish being caught, A good amount as well.

With all the madness in the news at the moment and with the weather set to improve over the week fishing at Siblyback must be one of the best places to escape the madness and get a bit of clam back in your live. There are many fish still out there.
