

Fernworthy weekly fishing report

Week ending 9th August 2020

Fernworthy was a challenge last week but the rod average was 2 fish per person. The majority of fish were coming to dries with Sedge Hog, hares ear and beetles working well fished from Thornworthy Bank and Lowton area of the lake. Nearly half of the anglers submitting a return caught 4 fish.

The forecast is changeable for the week ahead so it could be a great time to head to Fernworthy for some really good fishing.

Here is our guide to fishing at Fernworthy:

PERMITS

Permits are available to buy here (scroll down on this website to the purple box which says buy your permits online).

<https://trout.swlakesfishing.co.uk/>

We would love to see some pictures so please email them to me

bsmeeth@swlakestrust.org.uk

Our online catch return facility is located here: <http://trout.swlakesfishing.co.uk/catch-return/>

This year we stocked Fernworthy with the same amount of quality brownies from Torre Trout Farms. There were fish ranging from 7 inch up towards the 2lb mark.

Ben Smeeth – Head of Angling

Here is our angling map for Fernworthy, it's also located at the above web address.
